Truman Asks 5 Billion Tax Cut

Poll Shows Slump No. 1 U.S. Worry

Congress Returns To Work, Reveals Grass Root Check

By DOUGLAS B. CORNELL
WASHINGTON (AP)—Congress checked in for work today with word from the grass roots that people are worried—mainly about unemployment and the recession. Many members returned with the belief a tax cut of some kind is needed, but only a few listed tax reduction as a major issue back home.

Nearly a third of the Senate and House members—172 of 531—responded to a nationwide Associated Press survey of what they found out back home during the Easter recess. Replies came from 142 House members, 30 senators; from 100 Democrats, 72 Republicans.

Given Four Questions

Four questions were put to each member:

1. What three problems seem to be troubling constituents most? The recession, unemployment and the farm question stood out.

2. Will he be inclined to favor a tax cut bill now? Among those taking a stand, the ration was about 2-1 for a reduction, but with widespread disagreement on the type. Only 27 members mentioned taxes as an issue back home, with seven listing it first. The variety of tax-cutting ideas added to the difficulty of agreement on a bill that can be passed.

3. Do people want more, or less, federal spending? This was close, with the edge slightly for more.

4. Are the grass roots for or against foreign trade expansion, or is there indifference to the issue? There was plenty of indifference. But by a margin of about 2½ to 1 members reported that sentiment among interested voters leaned toward increased trade.

On the issues troubling constituents, the legislators put the recession and economic conditions in first place.

Recession Main Issue In New Jersey Voting

NEWARK, N.J. (AP)—A field of six men seeking the job of U.S. senator from New Jersey will be narrowed to two tomorrow when the state holds its primary election after a campaign dominated by the recession.

By unanimous vote of all six—three in each party—the economic downturn has been declared the topic dearest to the hearts of voters this year.

The candidates agree something should be done about it. They disagree on what.

Among the Republican Senate candidates, Rep. Robert W. Keane (R-N.J.) and Robert Morris, former counsel to the Senate Internal Security subcommittee, favor an immediate income tax cut.

The third man in their race—former White House appointments secretary Bernard M. Shanley—says such a cut might damage the economy permanently. He wants to reduce taxes for small businessmen as a start.

The Democratic camp, with its first senate primary contest since 1936, shows a similar lineup on the tax issue.

Favoring an income tax slice are John J. Grogan, mayor of Hoboken and president of the Shipbuilding Workers Union, and Joseph E. McLean, former Princeton University professor and now state commissioner of conservation.

The third Democratic aspirant, former Congressman Harrison A. Williams Jr., says he has seen no tax cut proposal yet that would have any effect. He wants government construction programs.

House Will Act On Bill To End U. S. Press 'Gag'

WASHINGTON (AP)—A freedom of information bill actively sought by press groups comes up for House action this week with the American Society of Newspaper Editors looking on.

By more than coincidence, the bill by Rep. Moss (D-Calif.) is tentatively listed for floor action Wednesday—the day before the April 17 opening of the three-day annual ASNE gathering.

Also on Wednesday, the Senate Constitutional Rights subcommittee plans a hearing on an identical bill by Chairman Hennings (D-Mo.). The measure is backed by the ASNE and other newspaper groups.

Cuban Rebel Band Routed After Fight

HAVANA (AP)—Cuba's civil war flared only fitfully yesterday. Government forces trapped a rebel band in Oriente province and the army claimed it wiped out a large number of insurgents.

A communique said troops of President Fulgencio Batista surrounded a contingent of Fidel Castro's rebels as they were heading toward Guantanamo from the insurgent chief's Sierra Maestra hideout.

The army attacked, reportedly killing many rebels and forcing the band to abandon arms, documents and vehicles.

As yet, however, the army apparently had not run down the main rebel group led by Castro himself. The army claimed a week ago the force had been cut off and was being pursued.

Another large rebel group led by Castro's brother Raul also has been reported moving freely about Oriente's northern coastal areas.

Soldiers continued to tack up reward notices in rebellious Oriente offering \$100,000 for Castro dead or alive. The rebels continued to tear them down.

Dissension split the rebel command in Havana. The dozen officers who make up the high command said they would no longer take orders from Castro's personal lieutenant, Faustino Perez, whom they accused of bungling last week's abortive call for a general strike and uprising.

GM Confers With Unions

DETROIT (AP)—The new auto labor contract negotiations here for more than 600,000 workers start today with both the International Electrical Workers and the United Auto Workers.

Tomorrow American Motors, the smaller producer, sits down for the first time with the auto labor union, AMC's proposal to stand on terms of the present three-year contract already has been rejected by the UAW.

At about the same time tomorrow the UAW, working with separate teams of negotiators, will resume with Ford and Chrysler.

Warmup Due In This Area

BALTIMORE (AP)—Five-day forecast: Temperatures will average near to slightly above normal. A little cooler Thursday, otherwise warm weather expected to continue. Showers or occasional rain Tuesday night and Wednesday will average one half to one inch. Normal highs are 60-68. Lows are 40-46 except 33-40 in the mountains.

TV Walkout Continues As Talks Futile

NEW YORK (AP)—A technicians' union strike against the Columbia Broadcasting System went into a second week today.

Negotiations in Washington, D. C., over the weekend failed to end the deadlock between CBS and the international Brotherhood of Electrical Workers.

The strike upset CBS plans last night to telecast the American Theatre Wing's Tony presentation. Except for the previously announced cancellation of two early-morning filmed series, other TV shows went on as scheduled.

Tonight, CBS plans a live "Studio One in Hollywood" presentation. A filmed repeat was offered last Monday. Several supervisory technicians have been sent from New York City to aid in the production.

The walkout has hit New York, Hollywood, San Francisco, Chicago, Milwaukee, Boston, St. Louis and Hartford, Conn.

The network says the dispute is over wages and that it has offered the 1,300 striking technicians a base pay of \$185 a week after three years' service. The present weekly maximum is \$175.

Iran Princess Leaves Italy for U. S. Visit

GENOVA, Italy (AP)—Princess Soraya left for the United States aboard the liner Constitution today for the first time with the auto. AMC's proposal to stand on terms of the present three-year contract already has been rejected by the UAW.

At about the same time tomorrow the UAW, working with separate teams of negotiators, will resume with Ford and Chrysler.

Solon Claims Russ Nuclear Tests 'Dirty'

WASHINGTON (AP)—The recent Soviet nuclear tests were "the dirtiest radioactive debris tests the world has ever known."

That's the view of Sen. Humphrey (D-Minn.), who said yesterday there probably is a great deal of evidence to back a Danish report that a catastrophic accident caused a halt in the Soviet test series. The report said the mishap caused radioactive fallout to increase to the danger point over the Soviet Union and many neighboring states.

A State Department spokesman said, "We have no basis on which to substantiate the story."

There was no immediate comment from the Atomic Energy commission.

Denmark's biggest newspaper, Berlingske Tidende, said in Copenhagen the accident was probably the real reason for the Soviet unilateral decision to stop testing nuclear weapons, saying the Soviets could not risk continuing tests of arms with serious defects.

The paper did not specify the nature of the reported accident, but said it was caused by an erroneous estimate of meteorological factors.

The newspaper quoted information it said came through diplomatic channels from Moscow.

Humphrey, chairman of a Senate Disarmament subcommittee, told a TV panel that heavy fallout from the Soviet tests fell on parts of the United States as well as on Scandinavia, northern Europe and Japan.

Chinese Cancel Pact With Japs

TOKYO (AP)—The Japanese government stood pat today on its refusal to give specific authorization to a Communist Chinese trade mission to fly its flag in Tokyo.

The Reds said this meant the 196-million-dollar trade agreement with Japanese business could not be carried out.

The Peking government cancelled the pact yesterday because Premier Nohusuke Kishi's government refused to sanction a clause which would have authorized flying the Red Chinese flag.

Red Sputnik Plunge In Brazil Reported

Fiery Rocket Last Seen In Southern Sky

Motor Could Have Completed Another Orbit, Experts Say

By DON GUY
CAMBRIDGE, Mass. (AP)—Sputnik II fooled the professors by gliding around the world half a dozen times longer than expected but apparently broke apart last night and fell to earth.

Sections may have plunged into the jungles of Brazil.

A single sighting from Denver, Colo., indicated the heavy rocket motor may have completed one more orbit than the lighter fuel tanks and instrument section.

The dog rocket was seen glowing like a hot poker from air friction over New England at 8:47 p.m., the Smithsonian Astrophysical Observatory said.

Seen Over West Indies

Eight minutes later it was reported in flames over the West Indies. If it continued a minute more, it would have been lost in Brazilian jungles.

Moonwatch teams in Milford, Conn., Millbrook, N.Y., and Bryn Athyn, Pa., reported sighting the satellite last night. The Milbrook and Bryn Athyn teams said it appeared to be glowing with a luminous tail of sparks.

The Smithsonian said the satellite would normally have been invisible in the shadow of the earth on its passage over the Northeast.

The sole report that indicated the heavy motor of the rocket may have continued onward another lap was from Kenneth Steinmetz of the Denver Moonwatch team. Observing with his family, he reported sighting an object as bright as the North Star at 10:12 p.m. Steinmetz said the object was glowing orange-red and was observed for half a minute as it orbited towards the southeast.

Weighted Several Tons

Sputnik II was more than 40 feet long and was estimated by Smithsonian scientists to weigh possibly several tons. At the time of the launching, the Soviets said it weighed half a ton but the Smithsonian staff said this reference was to the weight of the dog and instruments.

The high point of the orbit was estimated at 1,056 miles.

One of the four American satellites in orbit, Vanguard, launched by the Navy March 17, is expected to stay aloft for possibly 100 years. It's about as big as a grapefruit, its height of 2,466 miles makes it the highest man-made moon yet launched.

Explorer III, another American satellite, is expected to have a life of only a few months because its orbit is so elliptic that it sweeps to within 116 miles of the earth from a high point of 1,563 miles.

East Enjoys Spring Spell

By The Associated Press

There were a couple of major wet belts but generally pleasant spring weather appeared in prospect for most of the nation today.

Heaviest rains hit the southern Plains during the night and the wet weather extended eastward across the lower Mississippi Valley. Several funnel clouds were reported in northern Oklahoma, but none touched the ground.

Thunderstorms rumbled through Texas, with heavy showers and hail in an area from Austin to San Marcos. The Weather Bureau reported one of the heaviest rainfalls ever recorded in a short period at the Austin airport. The downpour during an eight-minute period measured .36 inches.

The second wet belt was in the Pacific Northwest.

Ike Planning Talk May 20

WASHINGTON (AP)—President Eisenhower will make a major speech on the nation's economy the evening of May 20 in New York.

Announcing this today, the White House said Eisenhower will address the concluding dinner session at the annual meeting of the American Management Assn. Conf.

James C. Hagerty, presidential press secretary, said he is informing the major television and radio networks.

Fears Rebel Bullets

Liner's Pilot Takes 'Detour' To Florida

MIAMI, Fla. (AP)—Twelve passengers of a DC3 left Havana yesterday thinking they were en route to the Cuban city of Santa Clara. They wound up at Miami International Airport.

Capt. Charles Villamar of Havana piloted the Cuban Aviacion plane. He told newsmen he veered off course from the central Cuban city because he refused to risk rebel anti-aircraft fire.

"I was fired on April 1 near Baracoa," Villamar said. "Once I was enough for me. I'm not going to continue risking my life and the lives of my passengers."

Santa Clara is about 150 miles east of Havana and a good distance from rebel-held territory.

Cubana Aviacion officials made arrangements last night to return the passengers, most of them Cubans, to Havana.

Villamar said another reason for slipping into Miami was that he and his crewmates—steward Servando Mondo and copilot Isaac Romano, both of Havana—expected to be drafted today into the Cuban air force.

"If we go back to Cuba now," the pilot said, "we face certain death."

The incident brought to 28 the number of Cuban commercial airlines employees who have come to Miami for asylum since rebel activities increased in Cuba a few weeks ago.

No charges have been filed against Villamar and his crewmates by the airline.

Virginia Traffic Deaths Hit 103

By The Associated Press

More than 200 persons died on Virginia's highways in the first 103 days of 1958.

If the rate of slaughter doesn't slow down, this year's traffic toll will be greater than last year's, which exceeded 300.

Seven weekend deaths boosted behind normal, Dr. Walter S. Hough, entomologist at the Winchester Fruit Research Laboratory, said today.

Cheryl Crane's Dad Says Girl Homesick

LOS ANGELES (AP)—Lana Turner Friday said her stabbing April 4 daughter is described as of Lana's boy friend Johnny Stompanato, 32, was justifiable homicide.

Cheryl's fate will be decided at which attorneys will seek to April 24 by Superior Judge Allen T. Lynch at a court hearing in her father, restaurateur Steve Stompanato, second of the movie "Queen of the Damned," who represents the girl and her father.

"Sure, she's homesick," he told is no necessity to make Cheryl a ward of the juvenile court. "We will prove this through witnesses who will testify that Cheryl is a healthy and normal girl and Akren, Eaton entertained the ambassador and his wife, Evgenia at the estate where he raises registered northern cattle.

Would Give Low Income Group Most

Former President Proposes Boost In Federal Spending

WASHINGTON (AP)—Harry S. Truman today proposed a five-billion-dollar tax cut for low and middle income taxpayers and urged a big increase in government spending.

The former president, who described himself as a retired Missouri farmer, delivered a wide-ranging discourse on the current economic situation to the House Banking and Currency Committee.

He larded his views with peppy jabs at the Eisenhower administration. The country, Truman said, would not be in the shape it is if the administration had taken quicker action.

Would Hike Jobless Pay

He said he saw no need for periodic economic downturns and that both plans and policies of the government should be directed toward constantly expanding the economy.

"We might not be altogether successful in preventing economic downturns," Truman said, "but at least we can make that our goal and not try to brush recessions aside by pretending that they are a good thing."

In addition to a tax cut and higher spending, Truman urged immediate expansion of the unemployment compensation system and increased Social Security benefits.

He also backed a community public works bill providing two billion dollars in loans to states and local communities, and an area redevelopment program to help create new jobs in areas of chronic unemployment.

Finally, Truman urged relief to small business through making available additional equity capital for small firms.

Truman said he thought the present recession is very serious, especially because it weakens the ability of the free nations to meet the economic dangers threatened by the Soviet Union.

Big measures are necessary to meet the needs for bigger economic strength, he said, adding that greater and greater strength is a stark necessity for continued national survival.

The committee hearings marked the return of Congress from a 10-day Easter holiday for the last half of a session which must cope with the problems of unemployment and a business slump.

Truman contended the tax structure should be changed both to provide more purchasing power after taxes and to take special privilege benefits out of the tax laws.

His proposed five-billion-dollar tax cut for middle and low income families, Truman said, is the quickest way to put more spending power into the hands of the average American home.

Truman said such tax relief was also the surest and safest way toward a balanced federal budget because it would help restore maximum employment and help lift total national production.

To offset revenue losses from the tax reduction, Truman said Congress should close up what he called glaring tax loopholes. He said that could bring in about two billion dollars in tax revenues now being lost.

His 'Privileged' Groups

Another billion dollars would be saved by eliminating some of the inequitable benefits to privileged groups in the present tax law, he said.

Truman also said that a lowering of the interest rates on government debt would save another two billion dollars a year.

On the score of public works, Truman said "it would be a mistake to send a boy to do a man's job."

He not only argued for an immediate expansion of federal outlays for public programs, he said they should be planned for a long period ahead as well—at least for the next five years.

Red Envoy Says Friendship With U. S. Is Favored

CLEVELAND (AP)—Soviet Ambassador Mikhail A. Menshikov is off for New York today after preaching the gospel of good will and friendship during his weekend visit here.

The ambassador climaxed his visit to multimillionaire industrialist Cyrus S. Eaton with a toast to "this represents the feelings of my country," Menshikov assured guests at a luncheon at Eaton's Acadia Farms, between here and Akron.

Eaton entertained the ambassador and his wife, Evgenia at the estate where he raises registered northern cattle.

Amvets Back Ike's Plan On Changes In Pentagon

WASHINGTON (AP)—The Navy League has taken a stand against key parts of President Eisenhower's plan to strengthen authority of the secretary of defense and to bring closer unification to the armed services.

But American Veterans of World War II and Korea (Amvets) ranged itself on the opposite side of the question, giving full approval to the defense reorganization proposal.

The Navy League action was regarded as a roundabout expression of Navy opposition to the Eisenhower plan. The league, whose members include nonactive military men and civilians, calls itself the "civilian arm of the Navy."

In a series of resolutions adopted by the group's executive committee, the league aimed its heaviest objections at a proposal to downgrade the Navy, Army and Air Force departments and to increase correspondingly the overall authority of the Defense Department.

Resolutions opposed eliminating from present law a requirement that the military departments be administered separately.

The league also came out against Eisenhower's plan to strengthen the Joint Staff, a military group working under the Joint Chiefs of Staff. The Navy organization said it is opposed to any measures that would lead to formation of a general staff.

On another phase of the issue, the league said it favored limiting to 5 per cent of total military appropriations the amount of funds the defense secretary could shift from one purpose to another in event of emergency. Secretary of Defense McElroy has said he would need authority to transfer somewhat less than 10 per cent of total defense appropriations.

The Amvets National Executive Committee adopted a resolution saying Eisenhower's proposal to give more authority to the secretary of defense and to streamlining the chain of command would "strengthen our armed forces and provide more manpower potential at the least cost."

Disease Seen 'Stroke' Cause In Vegetables

SAN FRANCISCO (AP)—Just as blood clots cause heart attacks in humans, a vascular disease plugs the circulatory systems of plants and causes strokes in tomatoes, cotton and other crop plants, a University of Wisconsin researcher reported today.

Dr. Mark A. Stahlmann, biochemistry professor, told the American Chemical Society the same disease mechanism is believed to occur in oak wilt, killer of many trees in the Midwest, Dutch elm disease, and Panama disease of bananas, costly to the banana industry.

The discoveries on the nature of fusarium wilt by Dr. Stahlmann and Prof. J. C. Walker, a Wisconsin colleague, are expected to lead to control of the diseases, a serious threat also to such vegetable crops as cabbages and peas.

NATO Approves Moscow Talks

Approval was given at a session of the North Atlantic Treaty Organization Council, composed of permanent representatives of the NATO powers, the informants said.

Delegates from the United States, Britain and France submitted their governments' proposed reply to the latest note from Soviet Premier Nikita Khrushchev.

Special Agent Recalled In Homer Hanna's Trial

FAIRMONT (AP)—A special agent for the Internal Revenue Service was recalled to the witness stand today as the government continued presentation of its case against Homer Hanna in U. S. District Court here.

Hanna, clerk of the U.S. District Court for Southern West Virginia, Charleston resident and long a power in Democratic politics, is on trial for alleged evasion of \$31,777 in income taxes in 1949-53.

The current proceeding is the second against Hanna, who also heads the Hanna Insurance Co. in Charleston. An earlier trial ended in a hung jury.

F. Lee Baumgardner, a special agent for the IRS' intelligence division at Cleveland, testified Friday that he had in his possession about 600 checks drawn on the insurance company when he launched his investigation.

He said that the checks had been endorsed by the manager of the business, and that Hanna told Baumgardner that he was the recipient of money from the checks.

Before a recess for the weekend, Baumgardner began the task of identifying checks which he felt represented taxable income received by Hanna.

Baumgardner quoted Hanna as saying he received no compensation from the insurance agency until 1954, when a dividend was declared; and that money from that source earlier represented loans.

The defense has insisted both in the earlier and present cases that money Hanna received from the insurance business in the years in question represented loans, and thus was not taxable.

Four Airmen Die In Crash

GEORGETOWN, Del. (AP)—Four airmen were killed yesterday in a huge Air Force C133 cargo transport which crashed shortly after takeoff from Dover Air Force Base.

It was the first crash involving the nation's largest airborne cargo carrier, put into service late last year.

The turbo-prop craft was on a routine training mission when it was seen circling over Allendale, State Forest 25 miles south of the Air Force base about 10 minutes after takeoff. Witnesses said the plane started a slow descent and that the pilot gunned the engines apparently trying to raise the plane.

But it plummeted straight down, flipped on its back and burst into flames.

Churches, synagogues and temples in the U.S. have property and endowments valued at an estimated \$12,200,000,000.

Takes the Loneliness out of Living

Often there's no more welcome sound you can hear than the ring of your telephone—especially when you know the voice you want most to hear is going to answer your "Hello." Today, there's hardly a village, town, city or place in the whole, wide, civilized world where that special person can't call you. Maybe that's one reason a telephone is a necessary part of home for most of us.

Husband Kills Wife, Baby In Restaurant

Nine Shots Fired By Baltimore Man; Two Others Injured

BALTIMORE (AP)—An estranged husband fired nine shots in a Baltimore restaurant yesterday, killing his wife and baby and injuring his mother-in-law and a customer, police said.

John Watkins, 41, had pleaded with his 27-year-old wife for a reconciliation minutes before the shooting, police Lt. William Klump said.

The lieutenant said he was told Mrs. Mildred Watkins repeatedly said no.

After the shootings, Watkins grabbed his 11-month-old daughter, Shirley, from the floor and raced in his car to Franklin Square Hospital. The child, shot in the head, was pronounced dead 10 minutes later, Klump said. Watkins was taken into custody at the hospital.

In critical condition was 46-year-old Mrs. Susie Chumley, Watkins' mother-in-law who lived with his wife and baby.

Commodore Lough, 24, a customer at The Beverley Restaurant, was taken to University Hospital where his condition was described as good.

Damages Sought In Fatal Mishap Two Years Ago

Two suits were filed in Allegany County Circuit Court as the result of the death of a pedestrian on the Mt. Savage Road on October 20, 1956.

One suit, for \$25,000, was filed by the State of Maryland to the use of Irma C. Hice Garlock, of Zihlman, who was the widow of Warren L. Hice, 57, at the time of his death. She has since remarried.

The declaration, filed for Mrs. Garlock by Matthew J. Mullaney, attorney, states that Hice was walking along State Route 36 one-half mile west of Barreville between 11:30 and 12 p. m. on October 20, 1956 when a car operated in a reckless and negligent manner by George Edward Wilhelm of Barreville, struck him.

It was stated that Hice died about an hour or so later of his injuries. The machine hit Hice from the rear, it was alleged.

The second suit was brought by Mrs. Garlock as the administrator of the estate of Hice. She is asking \$5,000 damages in this case. Hice was a Kelly-Springfield Tire Company worker.

When Distance Is Always Tempting!

Take a new Cadillac—point its hood toward some distant destination—and watch what happens!

We would be willing to wager that day's end would find you far closer to journey's end than you could ever have imagined!

We say this because we know how wonderful the miles are when they pass beneath the wheels of a new Cadillac—and how tempting distance is when seen through the windshield of the "car of cars".

First of all, imagine how comfortable and rested you would be! The seat-cushions are soft and deep and perfectly contoured. The steering wheel is ideally positioned... and the car is wonderfully spacious.

Then consider how easy the car is to handle! It is incredibly agile and responsive—and wonderfully smooth and level of ride. In fact, if you have selected the extra-cost option of Cadillac's air suspension, you can scarcely detect the presence of the road.

And think of your pride and contentment! The very knowledge that your motor car is so highly admired and so widely respected adds its own reward to each and every mile.

You ought to try it soon. Your dealer will be happy to explain the virtues of Fleetwood coachcrafting—and to give you the facts on every model, including the exclusive Eldorado Brougham.

The Biggest Bargain in History

What's The Difference?

The difference in price between today's prescriptions and those of 20 years ago can easily be figured. The difference is measured in dimes... sometimes even in dollars. But how can we measure the difference in results? Surely, no value can possibly be put on a life saved by a miracle drug that didn't exist 20 years ago.

OUR COUNTRY

The union of hearts, the union of hands and the flag of our Union forever.—Morris.

Burden Of Leadership

NO COMMON sense American wants this country to lose the propaganda war to the Soviet Union. Such a loss might cost us the support and allegiance of many still uncommitted free peoples. But we cannot expect to win every propaganda skirmish, nor even all the major battles. We should not dismiss lightly, of course, any defeats we may suffer. Yet neither can we wring our hands because we don't win them all. George Allen, director of the U. S. Information Agency, spoke to this point the other day when he advised Americans not to get too excited when this country is subjected to extreme pressures and criticism from abroad. He pictures this situation as an inescapable part of the burdens of world leadership which have been thrust upon us.

WE ARE LOOKED to for answers to everybody's problems. Inevitably the actions and policies we develop do not suit some of the conflicting interests which turn our way. In some cases, obviously, it is impossible to be regarded as "right" by all parties, since two or more strongly opposed positions may be represented. The French in Algeria are an example. We can only try to find the fairest compromise course indicated. In other matters, we sometimes are simply wrong. Criticism is warranted. We just have to take it and seek to correct our mistakes.

ON THE OTHER HAND, many times we may be dead right but still find ourselves subjected to attack. These are the moments when Allen's advice not to get excited would seem most fitting. Making a good propaganda impression is important, but it is not everything. If we are right and we know it, we have to show the courage to stand by our course no matter what the hostile barrage, no matter what capital the Communists may make of it. Great nations wedded to the ideals of freedom and democracy cannot devise policy solely on the grounds of its psychological effects abroad. Our task is to pursue our goals of peace and liberty with all the honesty and energy and wisdom we can muster. We must hope that this will spell good propaganda. But where it does not, we still cannot be dissuaded from our path if it is right.

Bells And Bells

THE CENSUS Bureau has some new figures on links between marriage and levels of education. They lend support to the already fairly well advertised conclusion that women of more advanced schooling are less likely than others to marry. But they show that the situation with men is just the reverse. Marriage rates are higher among the better educated. A good many of our social science experts reason that educated women tend more than others to seek careers and the independence they promise. There's some feeling, too, that better schooling makes them choosier among men. But what of the men? Of course added training usually lifts their income and makes them better able to afford marriage. Yet maybe that's not all of it. The extra learning may make men just smart enough to realize what a deal they've got if they can capture a combined cook, housekeeper, companion and trouble-shooter. It's a lot better than doing your own laundry and plodding wearily around the old restaurant circuit.

Moon Garrisons

IF THESE generals had their way, they would garrison the moon to guard us against invasion from Mars. The speaker was Otto von Bismarck, the shrewd and hardheaded 19th century German statesman. He was expressing his impatience with soldiers who think that every conceivable military undertaking and every conceivable military expenditure are justifiable. Today Bismarck would rub his eyes. In the current issue of the magazine Air Force, Brig. Gen. Homer A. Boushey is quoted as saying that missiles fired from the moon would need only 20 per cent of the thrust required on our earth. These missiles could be launched from shafts sunk into the moon's surface. So Bismarck's vision of garrisons on the moon may not be so far-fetched, after all. It is a fascinating thought, but also a grim and unpleasant one.

Sen. Albert Gore Senate Forced To Stimulate President

EDITOR'S NOTE: This is the last of a "Statesman's Series" of columns written by distinguished personsages in the government, national affairs, business and the military for Thomas L. Stokes, who is seriously ill.

WASHINGTON — The United States Senate, a deliberative body by conception and tradition, has been pressed by circumstances into a role of national leadership for which it is ill-equipped.

There are flat Constitutional limitations against the performance of executive functions by the legislative branch. There is a dissonance in the division and diversity of the legislators which cannot be blended into a clear and unequivocal voice to which the people might turn for leadership.

And yet the weakness of the present executive leadership in the face of serious challenges from every quarter has had the inevitable effect of prodding the Congress, and more particularly the Senate, into a growing assumption of the initiative and responsibilities which have traditionally been exercised in the White House.

THERE WAS a period immediately following the War Between the States when the U. S. House of Representatives undertook to

Peter Edson Dulles Optimistic But Has His Worries

WASHINGTON (NEA) — Outwardly, at least, Secretary of State John Foster Dulles is probably the most optimistic man in town. Day after day he does his darndest to beat down the meteor shower of rumors and propaganda that constantly fail up his foreign policies. Sometimes, however, the secretary must privately take the dim view. In almost any direction he may care to look, he can see trouble and even frustration. If it isn't the Russians who are rocking his ship of state, it will be America's glorious allies, or the neutrals, or his congressional opponents, or that segment of American public opinion which likes to blame him for everything that goes wrong.

AT THE TOP of the secretary's headache list there are always the Russians. Why are they pushing for a Summit conference? Do they now think they are dealing from strength? Do the Russians think that, because they were first in the air with satellites, they can dictate to the world? Detention of the Russian proposal to suspend atomic bomb tests has had one good effect. It has strengthened belief that the Russians are not sincere in any of their proposals. On the contrary, they are merely trying to seize the present opportunity to divide the western powers. In that light, all they are trying to do is stir up trouble. But that doesn't make the work of an American secretary of state any easier. On May 5, the North Atlantic Treaty ministers will meet in Copenhagen. Secretary Dulles therefore has the next month in which to formulate any new policies he may care to present to forward—which is likely—then arguments must be marshaled to strengthen support for their continuance. It is a constant selling job.

Whitney Bolton Glancing Sideways

NEW YORK—In the course of a life which has found shelter in a lot of odd corners of our world, I have had either by choice, good manners, or expediency to look upon a dinner plate containing bizarre foods.

I have eaten fried grasshoppers and fried caterpillars. I have eaten lizard and bug, snake and giraffe, bear and dog, horse and elk. Some of these I chose, some I was served and as a guest could not refuse.

I would not choose a dish of baked dog, but I have tucked in and eaten it and it was not bad. Not bad at all. Elk is stringy and bear is sweetish, as is horse. Giraffe is tough. That slab was, in any case.

GRASSHOPPERS have a toasted nut taste and so do caterpillars. Rattlesnake is somewhere between white meat of tuna and tender as an early May breeze. Anaconda is delicious and so is cobra. Beetles, in wine sauce, are easy to take and iguana, dipped head-first into boiling water and allowed to cook, is a truly great dish.

I have had raccoon and I have had deer. I even have had honeyed baby mice, but, thus far, have escaped scrambled monkey brains, although down below the Isthmus in Mexico I could have had them. Only haste kept me from having, as a guest, to undergo them.

SOME OF THIS knowledge must have brushed off on someone else, because a small package came in the mail the other day. It bore no return address and it was from Dallas. It looked, in size and depth, like a box of ginger or maybe a box of throat pastilles. It was nothing of the sort: it was chocolate-coated Brazilian ants. Twenty-four blocks of chocolate, in each of which were, I would guess, five or six imbedded ants. Black ones, complete with all legs, heads and bodies.

Customarily, a package of food from an unreported source would give me pause. After all, the added are still with us and poisoned candy is not exactly a new thought. But, it seemed to me, a dedicated poisoner scarcely would choose so bizarre a vehicle as candied ants. Rather, chocolateated ants. On the face of them, they seemed innocent.

THE SENDER knew my home address and it came there. It came while I was away and the

Maybe Ike Is No Gadgeteer

WASHINGTON — I've been trying to figure out what President Eisenhower was talking about when he said maybe people weren't buying because the manufacturers were trying to chuck down their throats things they didn't want.

Mr. Eisenhower wasn't saying and I can only guess. It may even be that his Mamie bought herself a chemise, though there's been no indication of this in her public appearances.

All I do know is that chemises make ladies look like South Sea Islanders after the missionaries put them in Mother Hubbards. Many a woman isn't going for this, with resultant effect on dress sales, and perhaps the President had that in mind.

HE MIGHT also have been thinking about narrow-brimmed hats that make men look like grease monkeys, or neckties that have to go into the ashcan after the first gray spot. Some of these cravats are so full of so-called filler that when they're cleaned, they look like cheese cloth.

Perhaps the President was thinking about pointed-toe shoes for both sexes, or imitation whipped cream out of a gas-bottle on top of chocolate ice cream sodas. Maybe he meant bread the consistency of a wet sponge.

Then again he may have been hooked, buying for the lawn in Gettysburg a power mower that wouldn't mow. Wouldn't, that is, after he'd used it for a couple of weeks.

MANY OF THOSE attending his press conference believed that Mr. Eisenhower was talking principally about Detroit's monstrous automobiles, with the tin

WASHINGTON—The entire Washington staff of Tass, the Soviet news agency, sat back of me at Secretary of State John Foster Dulles' news conference the other day, and I began to feel a little uncomfortable because this was J. F. D.'s day to be inordinately tough. But, although words such as "evasion," "cheat," "suspicion," and "surreptitious," flew thick and hard, the Tassites seemed to accept them tassily.

The entire Washington staff of Tass consists of Vladimir B. Paramonov (no relation to the Brothers Paramonov) and Alexander K. Kislov. They did nothing more overt than take notes in relays, which I can swear to, because I kept looking over my shoulder, but I sort of wished I had a nuclear-proof vest on my back.

Never before have I seen our complexly-spoken Secretary of State so trustfully uncomplex. Why, he even gave us to understand that he does not trust the Russians implicitly. I had to keep reassuring myself that this was indeed John Foster Dulles, not Harry Truman or Leo Durocher.

OF COURSE, the Secretary of State may have been inspired by his new Tough Guy role by President Eisenhower. About an hour before the Dulles news conference, he released a letter he had just sent to Nikita S. Khrushchev, which was about as tough as anything this Administration has sent to the Soviet Dictator.

Rejecting Khrushchev's request for the U. S. to follow the U. S. S. R. in announcing suspension of nuclear tests, the President told the Russian Premier:

"The timing, wording, and manner of the Soviet declaration cannot but raise questions as to its real significance."

The Secretary of State repeated much the same thing, which leads me to suspect that he may be collaborating with the President, after all. There have been times in the past when I had the uneasy feeling that he had gone into business for himself.

The Tass force should have been professionally grateful, if nothing else, because Mr. Dulles made their reportorial job easier than in many a day. They didn't have to try to unangle circumlocution, which has been tough enough in the past, even for those of us translating in English.

OUR NEW CHAMPION also held out promise that we shall try to counter future Russian propaganda by anticipating it, and beating the Kremlin to the punch. He said we would attempt to get out our replies to their propaganda gimmicks in more of a hurry, although it might mean "sacrificing perfection to speed."

In the past, many of our replies sacrificed both.

A journalist suggested that we always seemed to be "replying" to the Russians, seldom "initiating" correspondence. The scribe inquired if we might be planning to take the initiative.

I rather wish this question hadn't been raised, because it caused the Secretary of State to revert—only temporarily, I hope—to the old Dulles. He began to ramble that, with so many replies, it was hard to tell where a reply left off and initiative began. He added that it was often a case of which came first: The chicken or the egg.

With that, we scrambled.

Cub Leader Session Set

A training session for cub leaders of Nemoan Trail District, Boy Scouts of America, will be held tomorrow at 7:30 p.m. in Compton Hall of Frostburg State Teachers College, according to Alfred Taylor, district training chairman.

Cubmasters, assistants, den mothers and committee members for the 14 cub packs of the district are to attend.

Den mothers, with veteran Den Mothers in charge, will discuss den mother-den chief relationships, programs and problems, who's boss and how to plan den meeting programs.

Men will meet with a group of veteran cubbers to discuss the whys, hows and whens of all phases of the proper administration of packs, and to find out who does what.

FALSE TEETH That Loosen Need Not Embarrass

Many wearers of false teeth have suffered real embarrassment because their plate dropped, slipped or wobbled at just the wrong time. Do not live in fear of this happening to you. Just attach a little PASTEETH, the alkaline (non-acid) powder, on your plates. Hold false teeth more firmly, so they feel more comfortable. Does not sour. Checks "plate odor" (denture breath). Get PASTEETH at any drug counter.

Oystermen Might Lose River Right

Pollution Must Be Cleared Up, Health Department Asserts

BALTIMORE, Md. — A State Health Department official says the Little Choptank River probably will be closed to oystermen next season unless pollution is eliminated before then.

Chief Robert M. Brown of the department's Bureau of Environmental Hygiene says local and State health officers will attempt to get the Dorchester County stream cleared up before fall.

Brown called the Little Choptank a "good producing area," but he said pollution from shorelines residences must be eliminated if shellfish are to be taken again from the river.

He said a summer survey by health officers will be made to determine where sanitation violations occur. It will be followed by orders for correction.

Brown said the department has encountered difficulty with the dumping of untreated sewage into the river for "five or six years." He said local health authorities in the county have appealed publicly to those who live along the river to "get someone in to correct the situation."

Several residents were taken to court but, Brown added, their cases were thrown out on a technicality.

"As a result of this precedent, the residents just haven't observed the regulations of the department," he said.

The prospective ban would extend to the entire length of the oyster producing portion of the Little Choptank unless residents correct their deficient sewage disposal systems, he said.

Men Buried Alive Escape

PITTSBURGH, Pa. — A ditch being dug for a sewer line caved in yesterday and buried two men for nearly 20 minutes. Both were dug out, however, without serious injury.

The two are Philip Bach, 48, of East McKeesport, and Dominic Norelli, 37, of Glassport. Both were treated at McKeesport Hospital and released.

Man Critical After Being Beat, Robbed

DENTON, Md. — An elderly man, apparently beaten and robbed in his home, lay in critical condition today in an Easton hospital.

Because of his condition, state police have not been able to question Charles Arney, in his late 60s, found in a roadside ditch early yesterday near his Caroline County home three miles from Concord.

A neighbor, Lawrence Everingham, found the dazed and incoherent man half buried in the mud and water of the ditch. His shoes were gone and his face and body bore marks of a beating.

State police said they found Arney's home ransacked. Arney had cashed a check for \$49 the night before and no money was found on him or in his house.

Dinner Planned For Candidate

The Independent Retail Food Dealers Association of Western Maryland will hold a dinner tomorrow at 7 p. m. in Central YMCA.

The affair will be held in honor of Mr. and Mrs. Joseph L. Manning of Baltimore. Manning is secretary-manager of the Independent Food Distributors of Maryland and is a candidate in the Democratic primary for state comptroller.

J. Goodloe Jackson, secretary of the local association, said the dinner will be served by the YMCA Auxiliary. William G. Beier, president of the food dealers, will preside.

Mr. and Mrs. Manning will be accompanied here by Mr. and Mrs. John Stroh, Mr. and Mrs. C. C. Hall, Scott Standifor and Frank Treeveer, also of Baltimore.

Jackson said reservations for the dinner may be made by telephoning him at PA 4-1063.

Protect their precious future now

Like most young fathers, as soon as your children were born, you probably began to think more seriously about your family's future. You began to plan how you could make sure that they would have a secure home and an education, even if something should happen to you.

The time when children are young, however, is usually the time when the family income is far from ample... and the cost of the usual permanent insurance may look quite large. That is why Metropolitan has developed a special life insurance policy called the RPG-5.

This simply means that reduced premiums are guaranteed for the first five years. When the five years are up the premiums will increase to the level where they will remain for the life of the policy... but this increase may be offset by future dividends.

So here is an opportunity to get the full, permanent form of protection that your family needs... at a lower initial premium rate which may better fit your budget.

This is a perfect policy for the family man whose income hasn't quite caught up with his talents. It has all the cash and loan values that make permanent insurance such a wise investment.

Call your Metropolitan Representative today and ask him about the RPG-5. He will welcome the chance to explain this valuable policy... and to show that

NBC's "Suspicion" Will Fold In Fall

By JACK O'BRIAN
NEW YORK (INS)—The Van Doren boys both were working yesterday in TV — Charles on Wide World and John on Frontiers of Faith . . . You could appreciate how tight John Charn Daly holds the reins of "What's My Line" when that durable quiz bee rambled

and dawdled last night under its temporary moderator Clifton Fadiman, last generation's John Daly (info please) . . . It's definite — NBC's "Suspicion" will fold in the fall; another hour-long NBC-made mystery series replaces . . . The Gobel-Fisher hours also will stop short never to run again, scattering separately to the next-season "maybe" category as 30-minute shows . . . They'll be replaced by a "live" mystery series from N. Y., produced my MCA . . . Spring may be late but summer-replacements are here already, some reruns not even being billed as such . . . There will be up to 25 repeat shows a day . . . Matinee Theatre's absolutely final hour arrives June 27, after a sturdy history of certainly ambitious daytime levels, which the views simply didn't bother to support by just tuning them in. So, daytime lookers get the anticlimax they either want or deserve, or both: NBC will replace Mat. Theatre with two

half-hour soap operas. The Times Jazz Show April 20 now shapes up as the late season's dandiest prospect . . . Everything from Louis Armstrong to Dave Brubeck and dozens of assorted hot and cool virtuosi. . . Attorney General William Rogers was a fine calm type on "Meet The Press." None of the queries caught him eagerly willing to ham it up and he parried tough queries deftly—refusing to dash in where politicians love to tread; he made a good, intelligent guest . . .

Pat Rooney indeed was wrong in calling the George M. Cohan musical "He Had To Be Right" when it should have been "I'd Rather Be Right." and Carter De Haven was equally ill informed in corroborating Pat's \$16,000 decision on the \$64,000 challenge . . . The puzzlement nagged viewers—even the studio audience was seen gazing mystified—until Ralph Story was informed, by delayed kinescope or dogged or something, too late in the show to explain . . . Little Eddie Hodges (who now has a \$32,000 trust fund as well as amazing talent and a high grade of endearing sincerity for such a transparent show) strikes us as about the most appealing kid actor around . . .

Mountain Area Shaken By Jet

The Green Ridge Mountain area was shaken by an explosive yesterday which authorities believe was caused by a jet plane crashing the sound barrier.

Residents of Flintstone and the mountain area reported the crashing sound shook their houses, vibrated floors and sent dishes and bric-a-brac tumbling from shelves and windows to the floor.

One resident, near the top of Green Ridge, reported he thought the roof of his building would buckle from the terrific vibrations, which lasted only a moment or two.

Some residents thought also that someone was dynamiting in the area, but no construction work is under way there.

Mountain Area Shaken By Jet
The Green Ridge Mountain area was shaken by an explosive yesterday which authorities believe was caused by a jet plane crashing the sound barrier.
Residents of Flintstone and the mountain area reported the crashing sound shook their houses, vibrated floors and sent dishes and bric-a-brac tumbling from shelves and windows to the floor.
One resident, near the top of Green Ridge, reported he thought the roof of his building would buckle from the terrific vibrations, which lasted only a moment or two.
Some residents thought also that someone was dynamiting in the area, but no construction work is under way there.

Two-County Fireman's Group Plans Convention

Changes in by-laws will be submitted to the member companies for action at the bi-county convention of the Allegany-Garrett County Firemen's Association at LaVale June 4. The changes were drawn up at a meeting yesterday. The convention will begin at 1 p. m. school. It is planned that the "EDT" at LaVale Fire Hall with school will be held sometime in the by-law change and election July. The three changes drawn up, if they are adopted, will make a change in the dates of the association; will pay of Piedmont, June 9 to 13; shift the time for appointment of Lenoa, June 29 to July 5; the fire prevention and speakers' Corrigansville July 21 to 26; the banquet committee; and will hold a picnic, August 4 to 9; and Bowman's Addition, August 11 to 16.

ST. L. Gable JEWELRY CO.

The deadline for companies to submit entries for the Fireman of the Year award was set at May 1 and all entries must be in the hands of David Kirk, chairman, on that date to be eligible. The banquet committee reported the annual smoker and banquet will be held this Saturday evening with dinner to be served from 5 to 8 p. m. Entertainment in the form of a variety show will follow at 8 p. m.

The association expects approximately 900 persons to attend the smoker with 40 special guests already having accepted invitations. These include public officials and officers of the Maryland State Firemen's Association. Attending company representatives were told an instructor's training class is being organized and that 12 to 20 men are needed to present to begin the class. These interested in taking the instructor's course offered by the University of Maryland fire extension service are requested to contact Cromwell Zemanow to arrange a program meeting.

The association also made plans at yesterday's meeting to form a police unit to supervise traffic and trespassers at fires in outlying districts of incorporated towns. The unit will be under the direction of Sheriff Edward R. Muir and Paul Haberlein, president of the association. The Kuzmiller meeting, at which 25 of the 20 member companies of the association were represented, closed with a silent prayer for the late Edward Kuzmiller, former member of the executive board, and a member of the Cresap Volunteer Company, who died recently. The ladies auxiliary of the host company served dinner and refreshments.

Revolt Said Latins' Way Of Democracy

PITTSBURGH (AP) — Henriquez Valle, minister counselor of the Brazilian Embassy in Washington, says revolt "is the peculiar Latin American way of arriving at democracy." "Even when revolutions in South America have brought about dictators, they have given the people much more participation in the life of the country, which is democracy," Valle said yesterday over Television Station WIC in a program sponsored by the Foreign Policy Association of Pittsburgh.

Under the Constitution, an ambassador must present himself and his credentials personally to the president to receive accreditation.

Road Requests Heard

The Allegany County Board of Commissioners have received a number of complaints on road conditions. One complaint dates back to 1950 when the members of the board made an agreement for the building of a wall and a pair of steps into the property of William Fitzpatrick in Cresap Park. Fitzpatrick said that the county was improving the street in front of his home and agreed that a new wall and steps would be built for him as the ones he had would be covered. Commissioner William A. Wilson said that the county is responsible for the work as had been agreed and moved that it be done as soon as possible. This motion passed. George Miller, of Potomac Park, asked the board to do something about a culvert at the corner of an alley and Avenue

District 29 Zoning Law Hearing Set

Public Discussion
On Ordinance To
Be Held April 30

The LaVale Zoning Board will advertise tomorrow its notice of a public hearing calling for the adoption of a zoning ordinance for District 29.

The public meeting will be held Wednesday April 30, at 8 p. m. in the LaVale Fire Hall, the board announced.

The hearings will be for the purpose of discussing the enactment of an ordinance, including a map of a master plan for zoning the district, and for the rules and restrictions to cover the area.

Boundaries Noted

Under Chapter 228 of the Acts of the 1957 General Assembly, the boundaries of the LaVale Zoning District are the same as the present limits of District 29, except that area lying in the limits of the Cresaptown Special Taxing Area.

The map showing the various zones as proposed by the zoning board will be on display in the fire hall each day after tomorrow between the hours of 9 a. m. and 4 p. m.

Copies of the proposed ordinance will be available also.

Master Plan Developed

The ordinance and zoning is a result of work that was started by the zoning board last summer after the residents of District 29, in a special election, approved zoning and elected a board of three men.

These three, John J. Rowan, chairman, Leslie J. Clark and C. A. Lancaster, have met weekly with exception of two weeks at Christmas time, to develop a master plan for the district.

A brief summary of the board's work was presented at the annual meeting of the LaVale Civic Improvement Association last week.

Zones Conform

The area has been classified into four types of zones, "Residential A," "Rural Residential," "Commercial A" and "Commercial B."

Generally, the planning, which consumed much time, conforms to the existing uses of the area which presents a variety of conditions.

Sections are devoted to meeting future parking problems, junk yards, plus building restrictions.

• **Jail Escapee, Theft Suspect Trial Begins**

The trial of Earl R. Franklin, 32, of Johnson City, Tenn., indicted for burglary and breaking jail, began this morning in Garrett County Circuit Court before Associate Judge Neil C. Fraley.

Franklin was arrested last November in Tennessee on a warrant charging him with participation in the burglary of the F. G. Fox and Sons hardware store in Friendsville. While being held for trial, he escaped from Garrett County jail on the night of February 1 during a heavy snow storm. He was recaptured several days later in nearby West Virginia.

Two other men who had been sentenced to the Maryland Penitentiary for their part in the Friendsville robbery were returned to Oakland for the trial today. They are Elwood Kissner of Baltimore, 26, formerly of Friendsville, and Oliver Rockett, 33, also of Baltimore.

In other recent court action, Associate Judge Neil C. Fraley pronounced sentences on three men.

Edwin Orton Groves was sentenced to six months in the House of Correction in two cases resulting from traffic violations. The sentences to run concurrently.

Groves was given credit for 32 days which he had spent in the Garrett County jail.

Curtis Friend was fined \$250 and costs on an assault charge. Judge Fraley administered a suspended sentence of a year in the House of Correction on James Solomon, on a charge of assaulting his son, Mark Solomon.

Street Worker Defense Made By Buchholtz

Extra Crews Added
To Repair Winter's
Damage To Surfaces

A Bedford Road resident's criticism of chuck holes in three main "escape routes" of the city brought a defense of the men in his department from the street commissioner today.

Mrs. Lillian B. Baldwin, RD 3, Bedford Road, wrote the Mayor and Council concerning road conditions on Frederick Street, Central Avenue and Schades Lane and the resultant threat of damage to automobiles.

Street Commissioner William H. Buchholtz said on Frederick Street, the Police Department at his request had reversed signs so traffic could use the better conditioned concrete portion of the roadway.

Points to Schade's Lane

Mrs. Baldwin also mentioned that the county-maintained portion of Schade's Lane was in good condition while the city-maintained area was not.

Buchholtz said soon after light surface treatment was applied, a construction company located there because of expressway.

Schades Lane was a nice street, but because of heavy construction equipment and shale-loaded trucks using the city-maintained section instead of the county's, the present situation has developed, he asserted. His statement was corroborated by City Engineer Charles R. Nuzum.

Cites Hard Winter

Buchholtz said on the matter of potholes, that the city has experienced a severe winter and places "broke open" that never had before.

He said he and the department recognize the condition. Two extra crews have been added to do patchwork and if a break in the weather comes "We can accomplish something." He said the process is slow when there is one day of good weather and five days of rain.

"This is not a defense of myself, but in defense of the men in my department who are trying to do a good job," Buchholtz added.

1,500 County Trader Licenses Are Due

About 1,500 applications for trader licenses will be mailed out this week by Clerk of the Court Joseph E. Boden.

The traders licenses expire April 30 each year and new ones must be obtained by various businesses firms. The cost of the Solomon, on a charge of assaulting his son, Mark Solomon.

Water Resources Test Scheduled

The Maryland Department of Geology, Mines and Water Resources will conduct tests here this month to determine ground water resources.

As a result, the Water Department was authorized by the Mayor and Council today to conduct from the April bill of Queen Staringer, Romney; Mrs. Susan R. Staringer, Burlington, and Mrs. Ada Staringer, Levels.

The body is at the Scarpelli Funeral Home.

Mrs. Nettie Barber

Resolution Drafted

The Mayor and Council ordered a resolution of respect to the memory of the late Dr. Winter R. Frantz, former city health officer, on five streets. Four streets were graded and shaled.

Summer Vesper Services Approved For City Park

The Mayor and Council today granted the Cumberland and South End ministerial associations permission to conduct evening union vesper services in the amphitheatre of Constitution Park this summer.

Rev. Herman Smith said the services would be held each Sunday and a schedule would be worked out so they would not conflict with outdoor concerts of the Municipal Band which are usually held twice a month.

Mrs. Jesse Weaver, 721 Glenmore Street, submitted a petition to council asking that an alley between Glenmore Street and Brookfield Avenue be graded and drained. The petition was referred to Street Commissioner William H. Buchholtz and City Engineer Charles R. Nuzum.

Among routine matters today were authorization of issuance of checks to city employees Wednesday for the first two weeks of the month; payment of \$77.50 to National Institute of Municipal Law Officers for a subscription to the Municipal Law Journal; approval of 27 city licenses; and granting permission for a banner across Oldtown Road at Race Street and Grand Avenue advertising the St. Mary's spring festival.

Council was invited to attend a joint installation ceremony by Henry Hart Post 1411, Veterans of Foreign Wars, Saturday, April 26 at 7:30 p. m.

The Allegany-Garrett Dental Society urged council action on the addition of fluorine to the city water supply as a means of reducing tooth decay in youngsters.

A proclamation naming April 20-26 as "Secretaries Week" was approved.

Council was invited to participate in the Armed Forces Day Parade Monday, May 12, and to be on the reviewing stand at City Hall.

Run Independently

J. Edwin "Ed" Keech, operator of a drug store at 43 Virginia Avenue, is the first candidate to announce for mayor in the June 3 municipal primary.

A 48-year-old native of Cumberland, Keech said he would run independently of any political organization or faction.

A newcomer to politics, he said he would make "no promises, claims or prophecies," except that "if fortunate enough to be elected, I will do everything, to the best of my ability, for the good of Cumberland and its people."

Possibilities Noted

No other candidates have announced for mayor, although Finance Commissioner John J. Long, announcing over the weekend that he would seek re-election, said he might consider running for mayor.

Mayor Roy W. Eves has never committed himself definitely on the subject, although in declining an invitation early this month to attend a June 16-17 convention of the Maryland Municipal League, he said being out of town would mean "not being present to vote for myself in the city election." The general election is June 17.

Keech graduated from LaSalle Institute in 1928. In 1932, at the age of 22, he opened a drug store at 43 Virginia Avenue, and has been in business at that location for the past 26 years.

Active In Organizations

He is a third degree member of Cumberland Council 586 of Knights of Columbus, a member of Chief Justice Tancy General Assembly, Fourth Degree Knights of Columbus, and is active in both organizations with color guard teams and other committees.

He also is a member of Cumberland Lodge 63, BPO and Protective Elks, Cumberland Lodge 271, Loyal Order of Moose, and Cumberland Aerie 245, Fraternal Order of Eagles.

Keech and his wife, the former Miss Agatha Margaret Haselberger, live at 905 Louisiana Avenue.

EASTER SEAL LUCKYBUCKS NEEDED NOW

Another \$96.50 rolled into the coffers of the Easter Seal headquarters at the Allegany County League for Crippled Children today.

This brings the total to \$8,733.74 for the drive this spring, and officials of the league hope \$12,000 will be realized by the time the campaign is over.

Each lucky buck contributed for Easter Seals goes to help crippled and handicapped children of this area.

Approximately 23,000 seals were mailed to residents of this section. So if you haven't mailed your lucky buck for the crippled children, do so now.

Department Lists Activity Report

Commissioner William H. Buchholtz presented an activities report to the Mayor and Council for the street, alleys and street cleaning department during March.

The report stated crews cleaned 202 paved streets, 15 alleys, 620 catch basins and the Baltimore Street subway three times. Holes on 17 streets were repaired with blacktop, and four with concrete.

One concrete and seven brick sidewalks were repaired by city crews and the crusher was run on five streets. Four streets were graded and shaled.

Two Park Concession Bids Made To Council

The Mayor and Council received two bids today for the operation of the concession at Constitution Park swimming pool.

Bidding are Paul Holtzman and Joseph E. Jolley. Holtzman bid \$600 and Jolley \$650.

Bids were referred to the Park Board and city attorney for tabulation and report.

Trout Season Opening Set Tomorrow

The Maryland trout season will open tomorrow at 5:30 a. m. and hundreds of anglers are expected to line the banks of area streams to try their luck.

A daily creel limit of five and a minimum length of seven inches are among the regulations.

Fishing is open to 8 p. m. daily, but after Daylight Saving Time starts April 27 the hours for fishing will be 6:30 a. m. to 9 p. m.

A. E. Johnson New Head Of URW District

New Post Covers
Six States And
88,000 Members

A. E. Johnson, president of Local 26, United Rubber Workers, was elected president of District 1, of the URW, at its three-day convention that ended yesterday in Dayton.

The 80,000-member district covers Rubber Worker unions in six states. Johnson has been vice president of the district for the past two years.

Johnson is in his third term as president of Local 26. He has served in other capacities during his membership with the union representing hourly-paid employees of the Kelly-Springfield Tire Company.

Johnson headed a delegation of five members of Local 26. Others at the convention were William Scheetz, secretary; Joseph Burke, treasurer; Albert Jenkins, executive secretary, and Melvin Dye.

Constable Sale Slated At Plant

A constable's sale of a large amount of machinery and equipment and supplies of the American Pallet Corporation in Ellerslie will be held April 23 at 10 a. m. at the plant under a writ of distraint issued in Trial Magistrate's Court.

The distraint was obtained by Morris Horvitz. The plant is located in the old pottery plant at Ellerslie and was operated for the past few years.

Cabinets for kitchens and other rooms in dwellings were manufactured. The firm did work on order and included in the items for sale are various types of equipment used in making the cabinets. Various items of office furniture and supplies used in the manufacturing process are also included.

Staggers Files For Re-Election

CHARLESTON, W. Va. — Rep. Harley O. Staggers of Keyser has filed as a candidate for Democratic nomination for a sixth consecutive term in Congress from the 2nd District.

Staggers so far is without primary opposition.

Ray Orndorff of Green Bank filed earlier for the Republican nomination from the 15-county district.

Besides Milcs, co-hosts were former Gov. W. Preston Lane Jr. and former Sens. Millard E. Tydings and George E. Radcliffe.

Veterans Back D'Alessandro

From Baltimore came word that D'Alessandro's campaign will be beefed up by a veterans committee to open headquarters in the city soon.

Vice chairman of "Veterans for D'Alessandro" include John W. Jennings, past commander of Maryland's American Legion; Paul C. Wolman, past national commander of the Veterans of Foreign Wars, and Richard C. O'Connell, past national commander of the 29th Division Assn.

The other major Senate candidate, Clarence D. Long, said the state's unemployment offices should get a shakeup. There is something wrong, he said, when thousands of people are out of jobs while employers seek workers to fill vacancies.

The Johns Hopkins University professor also dropped an economic note on his campaign: "it's cost him more than \$6,000 of his own funds. Long and his wife will attend an open reception this evening, given by the Sixth Congressional District Democratic Club, at the Annapolis Roads Country Club.

Meter Receipts Up

Parking meter inspector Harry Whisner said today collections the week of April 6 were \$915.05 compared to \$817.83 the week of March 30, an increase of \$97.22.

Boy Sent To Training School, Four Paroled

A 14-year-old youth was sentenced to the Maryland Training School for Boys this morning and four other youths were placed on probation in Allegany County Juvenile Court.

Magistrate Fred H. Anderson sentenced the youths, ranging in age from 10 to 15, after finding them guilty of being delinquent minors.

The group was apprehended on April 1 by Baltimore and Ohio Railroad police and Officers Clarence Valentine and Kenneth Morrissey.

Testimony in court this morning revealed that the boy sentenced to the Training School had pulled a pocket knife on a B&O police officer at the time of the arrest.

The youths were apprehended in the rear of the Farmers Feed and Supply Company on South George Street on railroad property.

During questioning at Police Headquarters they admitted to attacking William Lowery in an alley near Clinebell's Bakery, shoplifting at a local super market and a number of other minor cases over a period of time.

Magistrate Anderson placed three of the boys on probation for one year, and the fourth who had no previous offenses, on parole for six months.

PAN-AMERICAN WEEK—Using the theme, "Know Your Neighbor," the Spanish Club of Allegany High School under the direction of Mrs. Bernice Rogers will sponsor movies and a display, "Mexico in Miniature" at the Cumberland Free Public

Library tomorrow at 7 p. m. Above, arranging the exhibit which will be on display all this week in the library, are, left to right, Linda Schwalm, Mary Rosenmarkle, Mary Hosier, Faye Kreger, Dona Payne and Sandy Burke.

There's something about opening day that often inspires great baseball players to even greater performances.

Walter Johnson, the Washington Senators' immortal fireballer, pitched seven of his 113 shutouts on opening day. Wes Farrell, flamboyant righthander of the '30s, had six inaugural assignments in three different uniforms and won them all.

He pitched for the Cleveland Indians, Boston and the Senators.

The most spectacular opening-day pitching job of them all would have to be Bob Feller's no-hitter against the White Sox at Comiskey Park in 1940. He won, 1 to 0, on Jeff Heath's single and Rolfe Hemslry's triple.

Feller also was the winning hurler in the game witnessed by more spectators than any other opener in major league history—Cleveland's 1949 curtain raiser, with the St. Louis Browns, with an official paid attendance of 73,163.

He pitched a two-hitter to win 4 to 0.

There have been no National League no-hitters on opening day. Robin Roberts had the Giants hitless with one out in the ninth in 1955, but they landed on him for three hits, Philadelphia barely saving a 4-to-2 victory.

Leon Ames, an old Giant star, pitched nine hitless innings in the 1909 opener but allowed seven in the next four as the Dodgers beat the Giants, 3 to 0, in 13 innings.

Lon Warneke, like Roberts, was two outs away from a no-hitter in 1934. Adam Comorosky of Cincinnati then singled, but Warneke finished with a one-hitter and the Cubs won, 6 to 0.

Babe Ruth started his last season—in the strange livery of the Boston Braves in 1935—with a homerun. Mel Ott hit the last of his 311 homers in the first inning of the Giants' 1946 inaugural with Philadelphia.

Nineteen years ago, the Yankees blanked the Boston Red Sox on opening day, but the longest bit of the day was a 407-foot double by a kid named Ted Williams, batting sixth for the Red Sox in his first opener.

Lonaconing's Lefty Grove was the loser in that game in a pitching duel with Red Ruffing. Each pitcher gave up seven hits and struck out five, with Grove giving up two walks and Ruffing one. That was also the last opening day for Lou Gehrig, the Yankees' immortal "Iron Horse," who died the following year.

In 1940, when he was at the ripe old pitching age of 40, Grove had a perfect game for seven innings. He retired the first 21 Senators in succession, but in the eighth Gerald Walker opened with a fly ball to left that Williams misjudged. Ted started in for it, quickly recovered himself, went back and got his hands on the ball but then dropped it. Walker had rounded first and started for second. Ted made a swift recovery and nailed Walker at second base. But it did spoil what had been a pitching masterpiece for Grove. Fortunately, Cecil Travis, the next batter, connected for a clean single.

Grove wound up with a two-hit shutout. Williams made the final out. As he did, he started to throw the ball toward the stands but stopped. It was a humorous gesture which even had President Roosevelt laughing.

Williams presented the ball to Grove but today it is in the possession of Roy Lester, assistant football coach at the University of Maryland. Grove gave the souvenir ball to Lester last year when he spoke at the Valley High all-sports dinner in Lonaconing.

The 1907 Giant-Phillies game was ordered forfeited by umpire Bill Klem when fans swarmed onto the field at the Polo Grounds in a demonstration against a decision. The Phils led, 3 to 0, when the game was forfeited in the ninth inning.

One of the most embarrassing opening-day incidents occurred in 1946 at Braves Field in Boston. Exactly 530 irate customers showed up at the club's offices with stripes of green paint on their backsides. Seems the paint on the seats hadn't dried completely.

Braves Host To Pirates, Yanks Open With Bosox

By FRED DE LUCA
INS Sports Writer

Just six months and four days ago, Ed Mathews backhanded Bill Skowron's hard smash and stepped to third to end the World Series and give Milwaukee's Braves the baseball championship of the world.

Today, the 1958 major league season opens officially in Washington, where the Senators tangle with the Boston Red Sox after President Eisenhower throws out the traditional first ball that signals the start of another mad dash for the October series jackpot.

The New York Yankees and the Braves are heavy favorites to meet again when the leaves start to fall. The Yanks are 2-to-5 to take the American League flag for the ninth time in the last 10 years. The Braves are 8-to-15 picks to repeat in the National League.

Interest On West Coast
The Yanks and Braves will see action tomorrow as the rest of the big leagues swing into action. Primary interest will be on San Francisco, where two transplanted New York teams will make their West Coast debuts as the hometown Giants meet the Los Angeles Dodgers.

In other American League openers tomorrow, New York will play at Boston, Detroit at Chicago, Washington at Baltimore and Kansas City at Cleveland.

In the National League, the world champion Braves will be host to Pittsburgh, Los Angeles is at San Francisco, Philadelphia at Cincinnati and Chicago at St. Louis.

But today, once the President has delivered his pitch, righthander Pedro Ramos, who was 12-and-16 last season, will take the mound to face the Red Sox. Tall Frank Sullivan, 14-and-11 in 1957, will hurl for the Bosox.

Stengel Lauds Bosox
Sullivan has a lifetime record of 10-and-4 against the Senators while Ramos is 11-and-5 against Boston.

The Red Sox, already singled out by Casey Stengel as a prime threat to continued Yankee domination in the American League, finished the exhibition season with the top spring record of all big league teams, 16 wins and 8 defeats.

The Giants were the top National League team at 20-and-11. The Braves were 16-and-12 and the Yanks were 14-and-16.

The Red Sox ended atop the citrus standings even though they finished the exhibition season with a pair of weekend losses to Richmond, the Yankees' International League farm club.

Eisenhower Shows 2-3 'Opening Record'

WASHINGTON — (INS) — President Eisenhower, a veteran of five openers, throws out the first ball today as the Washington Senators and Boston Red Sox get the new coast-to-coast baseball season underway.

Sunny skies and mid-60 degree temperatures are expected to attract a near-capacity crowd of 25,000 to Griffith Stadium for the game — the only one scheduled today.

Mr. Eisenhower returned yesterday afternoon from a three-day golfing holiday in Augusta. (Continued on Page 12)

Davis Wins Five Medals In Relays

QUANTICO, Va. (AP) — Glenn Davis is back in the middle of the national track scene, and those who watched his phenomenal performance at the Quantico Relays say the Ohio State sensation is headed for new fame.

"I think he has the makings of a decathlon champion," said Dan Ferris, honorary secretary of the Amateur Athletic Union.

"He could be the greatest quarter-mile runner ever lived if he concentrated on that alone," said Larry Snyder, Davis' coach at Ohio State.

Davis won five gold medals at the Marine Corps schools' relays Friday and Saturday. In individual competition, he captured the 440-yard hurdles in a meet record 51.8 seconds, the 120 high hurdles in 14.3 and the broad jump with a leap of 22 feet 1 inch.

After that, he twice came from behind and with blazing finishes brought Ohio State victory in the mile and 480-yard shuttle hurdles relays. Making up 6.8 yards against Villanova's Ed Collymore, he ripped off a 47.2 anchor quarter in the featured mile.

Goalby Wins Greensboro, Snead Fades

GREENSBORO, N.C. (AP) — Professional golf's youth movement caught up with 45-year-old Sam Snead in the final round of the \$15,000 Greater Greensboro Open tournament.

Snead had set his sights on his seventh Greensboro victory (he won the 1933 inaugural) and seemed in great position to achieve his goal after moving into a two-stroke lead after yesterday's third round.

Five Tie For Second
But when the playoff time came shortly before dusk unheralded Bob Goalby accepted the \$2,000 winner's check. Snead was surrounded in a runnerup tie by four others whose total pro experience is some four years less than the 24 Sam has put in.

The 27-year-old Goalby, whose home is in Belleville, Ill., plays out of Darien, Conn.

He had started the day's play four shots behind halfway leader Al Balding of Ontario, Canada, at 140. In the morning third round Goalby shot seven birdies, but five times went over par for a two-under 69.

Snead, meanwhile, whizzed through a 66 to move into a two-shot lead over Dow Finsterwald of Tequesta, Fla. Goalby trailed Snead by four.

Goalby Settles Down
The 6-foot, 130-pound Goalby, an outstanding baseball, football and basketball player in high school, settled down in the afternoon and caught the faltering Snead at the nine-hole turn with a 32 against Sam's 36.

Snead, who had been fighting bad iron shots since the Masters tournament a week earlier, blamed three such mistakes on the last nine holes for costing him the tournament.

His 277 was worth \$1,000, the same amount won by Don January of Eastland, Tex., Finsterwald; Tony Lama of Napa, Calif., and Art Wall of Pocono Manor, Pa.

Low amateurs at 294 were Larry Dempsey of Greensboro and John Eisinger of Bethesda, Md.

Hancy Confident Of Brave Repeat

MILWAUKEE (AP) — Manager Fred Hancy said today he thinks his world champion Milwaukee Braves will capture the National League pennant again this season.

"But anybody who says we'll win in a runaway is crazy," he added.

Most of his players agreed although big Joe Adcock declared emphatically, "We'll win by 12 games—at least."

Hancy would gladly settle for the Braves' eight-game margin of last year.

"We're stronger," he said, "but so is the rest of the league. I think the race will be just as tough as last year. Nobody is likely to pull away from the field until September, if then."

"We've got to beat down from the start," he continued. "I think the players know that. I haven't found the need for cautioning them against overconfidence. They know they have to work just as hard as last year."

Baseball Notables To Sit In On West Coast Opener

SAN FRANCISCO, Calif. (AP)—The Giants and Dodgers, their rivalry no less intense after transferring from coast to coast, inaugurate major league baseball in California here tomorrow.

Manager Bill Rigney of the Giants, who switch their allegiance from New York to San Francisco, surprisingly named Puerto Rican right hander Ruben Gomez to start this historic game.

Walt Alston, who piloted the Dodgers in Brooklyn and now will do it in Los Angeles, came up with no surprise when he said right hander Don Drysdale hurled against the Giants.

San Francisco's Mayor George Christopher, who teamed with Los Angeles Mayor Norris Poulson in the drive for major league baseball, throws out the first ball in Seals Stadium tomorrow at 1:30 p.m. (PST).

A capacity throng of 23,400 has been assured since last Dec. 1. Included are baseball Commissioner Ford Frick and National League President Warren Giles who had to miss the opening of the world champion Milwaukee Braves to be here.

San Francisco and Los Angeles, whose rivalries in other sports assures the same fever of New York-Brooklyn competition, have three games here—tomorrow afternoon, Wednesday night and Thursday afternoon. Then to Los Angeles for games the next three afternoons.

Giants' ticket manager Peter Hoffman expects 65,000 for the three games here—right at capacity—with the Stadium's physical limitation the only thing keeping the opening day crowd below 90,000. Enough ticket orders to make that total were returned when the Giants ran out of seats.

No such limitation exists for the vast Los Angeles Memorial Coliseum where there is space for about 100,000. Up to 90,000 are expected for the first game there. San Francisco and Los Angeles

Jim Spitznogle copped the opening round of the Fort Hill Rifle Club's handtrap shotgun match yesterday afternoon at the Morningstar Drive range. Decimating the gyrating clays with his Browning over-under, Spitznogle cracked 22, a high mark for the meet. Norm White was runnerup with 18 hits.

Spitznogle and Dale Auvil tied up the second round with 20 breaks apiece.

"Lefty" Jordan's pump gun found the range on the third set and shattered 20 pigeons. White placed second with 19 hits.

The final round fell to Perc Zembower's 19 downed targets. Earl Boor, Glenn Kuebler and Harold Lynch bunched the runnerup slot with 15 hits each.

City's Three Clubs Travel On Road For First Games

By JIM DAY
Times Scholastic Sports Editor

Almost every high school baseball team in the tri-state area is listed for action tomorrow afternoon, the schedule being highlighted by the opening of the Allegheny County Interscholastic League. The city's three teams will all open on the road.

Defending-champion Fort Hill was to start its season this afternoon, the Red Raiders slated for a clash with the Alumni at 4 o'clock. The game had been listed for last Friday but was postponed because of the recent heavy rains.

Sentinels At 'Savage'

Coach "Bobby" Cavanaugh's veteran-olad nine will start defense of its title by facing Mt. Savage on the Indians' diamond. LaSalle, also expected to have a strong contender this spring, will play Valley at Barton, Allegheny also hits the road by playing Bruce in Westernport and Beall is host to Flintstone at Frostburg.

This will be the 20th season for the circuit, formerly the Bi-State League until last spring when Hyndman dropped from the loop leaving it composed entirely of Allegheny County nines. The Sentinels have won the most titles with five while trying for two more.

The Sentinels, who lost only to the Campers last year and tied with Valley in compiling a 12-1-1 ACL record, also won the city championship by sweeping LaSalle and splitting with the Alcolanders.

Payne In Debut

Only one new coach will be at the helm in the circuit, Chet Payne taking over for Gene Shaw at Allegheny. Cavanaugh will be in his 20th season of league activity while Johnny Meyers pilots Valley. Norm Sell is in his second campaign at LaSalle, Leonard Ritchie is at Bruce, Melvin Brown at Beall, "Stoney" Jackson at Flintstone and Joe Carter at Mt. Savage.

The final standings last spring had Fort Hill first (12-1-1) with Valley runnerup (8-4-1), Allegheny third (9-5), LaSalle fourth (7-7), Beall fifth (6-7), Bruce sixth (6-8), Mt. Savage seventh (4-10) and Flintstone in the basement (2-12).

The loop will also play Friday afternoon with Beall at Valley, Flintstone being host to Allegheny, Mt. Savage at Bruce and the first intra-city clash billed when LaSalle tangles with Fort Hill on the Sentinels' home field.

The Potomac Valley Conference also will be busy with seven listed tomorrow and only Berkeley Springs being idle in the 15-team circuit.

Four Tie For Lead

Four clubs have already played and picked up victories to share first place, Paw Paw, Keyser, Wardsville and Berkeley are knotted for the lead while Capon Bridge has split in two attempes, West Virginia Deaf of Romney dropped two while Moorefield and Southern were whipped in their only attempts. The Jackets have won the title the past four years but saw their undefeated PVC string snapped at 32 games in the opener this year as Wardsville dumped coach Johnny Paugh's club, 7-5.

The Pirates put their perfect mark on the field against Capon Bridge at Paw Paw while Keyser goes for its second straight by playing at West Virginia Deaf and Wardsville is host to Martinsburg.

Other clashes have Fort Ashby at Elk Garden, Petersburg invading Franklin, Southern at Circleville and Romney taking on Moorefield at Romney.

State Plays Wednesday

The area's collegiate teams are idle until later in the week. Potomac State will be host to the at Virginia, Maryland at Georgetown.

Wolfpack Ace In Limelight On One-Hitter

By The Associated Press

The Atlantic Coast Conference baseball spotlight may be swinging soon to a 21-year-old North Carolina State junior with a sturdy right arm and a complete set of false teeth.

He is Joe Jones, pitcher for the unbeaten Wolfpack that faces its two big rivals this week in its drive for the ACC crown.

Jones, a triple-sport threat voted most valuable player in baseball in his high school days, is something of a question mark in college play. He had a 3-1 record in 1956, but missed the whole 1957 season because of a ruptured disc.

Hurls One-Hitter

The slim six-footer from Wilson, N.C., had the disc removed last February and underwent physical therapy for five months. He says the back is fine now.

Two days before his only game so far this season, he complained of stiff muscles in his right arm. He took treatments Wednesday, had a rubdown Thursday and then went out to hurl a one-hitter against the University of North Carolina in the finals of the Dixie Classic. The Wolfpack won 4-0 and Jones said his arm felt fine.

As for his false chompers, Jones said his teeth decayed easily and had always given him trouble.

Coach Vic Sorrell says the spunky Jones lacks speed, but makes up for it with a sharp-breaking curve and excellent control. He is almost a sure bet for the mound sometime this week as State, 7-0 for the season and 3-0 in the conference, clashes with Clemson (7-2, 3-0) and Duke (4-6, 3-0).

Terps Play Twin Bills

ACC scores over the weekend were State 14, Wake Forest 13; North Carolina 10, Camillus 5; University of South Carolina 12, Newberry 9.

The week's schedule: Monday — Wake Forest at Duke, Clemson at Virginia, South Carolina at Maryland (2).

Tuesday — North Carolina at Duke, Clemson at Maryland (2), South Carolina at Virginia (2).

Wednesday — Wake Forest at Virginia Tech, Clemson at N. C. State.

Thursday — N. C. State at North Carolina, Parris Island, S. C. Marines at South Carolina (exhibition).

Friday — Wake Forest at Clemson, Parris Island Marines at South Carolina.

Saturday — Wake Forest at South Carolina, Duke at N. C. State, North Carolina at East Carolina (night), Virginia Military Institute at Virginia, Maryland at Georgetown.

Spring Championships Go To Red Sox And Giants

By The Associated Press

Step up and meet the new champs—the champs of the grapefruit-cactus leagues, that is.

The Boston Red Sox finished first among the American League teams with a 16-6 record, good for a .727 average. That's a fantastic gait, far better than the record compiled by most pennant winners.

In the National League, the San Francisco Giants wound up at the top of the heap with 21-11 mark, which came to a .656 average. The Giants were the only team able to win 20 or more games, while the Red Sox were the only team which managed to lose less than 10.

The biggest disappointment of the exhibition season is not hard to spot. The Detroit Tigers' miserable 7-19 (.269) record, which placed the Bengals far down in last place, was the shucker of the spring.

The standings were compiled strictly against major league opposition.

In fact, the Richmond Virginians of the International League accomplished what most major league clubs couldn't when they licked the Red Sox 5-1 at Richmond yesterday in the exhibition finale.

The world champion Milwaukee Braves polished off the hapless Tigers 7-3 at Milwaukee. The night American League victors in '57, the New York Yankees, clubbed the Philadelphia Phillies 10-5 in the Philadelphia with catcher Yogi Berra showing no ill effects from a 13-day layoff caused by a split more, Okla., 20 miles north of Tulsa.

The Russians were guests at a happy dinner in Tulsa's Oil Club last night.

One of their hosts commented: "They just can't seem to get in enough of steak."

Earlier, the visitors toured the Will Rogers Memorial at Claremore, Okla., 20 miles north of Tulsa.

The Russians will wrestle in Tulsa tomorrow night.

Green's Club Nears County Tenpin Title

Green's Chevrolet swept three games from Lucas' Service to increase its County Tenpin League lead to eight games over runner-up Music Shop, which dropped two of three to McIntyre's Chevrolet.

With only nine more games remaining, Green's has practically sewed up the 1957-58 race. Bob Porter's 222-588 p a c e d Green's, while Hyle Wolford's 181-539 effort was tops for Lucas' Service.

Ralph Cover, with 247-573, led McIntyre's to its upset win over Music Shop. George Koontz rolled a 224-562 to feature the Musicmen showing.

In other matches, Hy-Burger downed Old Germans, 2-1, National Bohs won 3-0 over Clopper Oil, Monnett's swept a 3-0 victory over Silver Lanes, Cresap Tavern topped Old Exports, 2-1, and Jim's TV managed the odd game from Outdoor Club.

Monnett's Service took team honors by knocking over 2,804 pins and team member John Galliher rolled high set and high game—265 and 682.

Other team leaders were Cecil Warnick, 234-625, Hy-Burger; Paul Howsare, 190-561, Old Germans; John Thomas, 202-586, National Bohs; Roger Norris, 181-525, Clopper Oil; Frank Warner, 210-578, Silver Lanes; Vern Shaffer, 199-584, Cresap Tavern; Patsy Algieri, 200-537, Bud Edenhart, 189-537, Old Exports; Chuck Kallmyer, 179-506, Jim's and Bernie Gehauf, 184-521, Outdoor Club. Rejoins Phillies

PHILADELPHIA (AP) — Pitcher Seth Morehead rejoined the Philadelphia Phillies Saturday after a six-month stint in the Army.

As a rookie last year the 23-year-old southpaw appeared in 34 games and had a 1-1 record with an earned run average of 3.66.

Miteff Risks Heavy Rating Friday Night

By International News Service

Argentina's Alex Miteff risks his No. 6 heavyweight ranking against the more experienced Willi Besmanoff of Germany in this weeks television boxing feature.

The 23-year-old Latin has won 15 of his 16 professional bouts and one of them was a decision over the ninth-ranking Besmanoff in a bout last June.

This time they meet at the New Capitol Arena in Washington, D. C., and the bout will be televised (NBC) Friday night from coast to coast.

Besmanoff, 25, has won 37 of his 55 bouts, including a recent decision over Pat McMurtrey, who also has scored a win this year—over Nino Valdes.

Bobby Boyd, ninth-ranking middleweight from Chicago, battles Neal Rivers of Las Vegas, Nev., in Wednesday night's match at the Chicago Stadium (ABC).

Bisons Say They Won't Play In Havana Despite Int Order

MIAMI, Fla. (AP)—Two days hence the Buffalo Bisons and Havana Sugar Kings will—or won't—open the International League baseball season in politically smoldering Cuba.

The Bisons say they won't. The league says they will, and warns of penalties provided for clubs which won't abide by the schedule.

A special league meeting in Miami yesterday affirmed an earlier decision to open at Havana as scheduled. Directors said they had assurances that relative quiet has succeeded two tumultuous days of shooting between government forces of Fulgencio Batista and rebel chief Fidel Castro.

Buffalo promptly said it would stand on its announcement Saturday that it will not send a team; as to risk having any of its players killed or kidnapped.

Bobcat-Ashland Game Postponed

Saturday's scheduled game between Frostburg State's Bobcats and Ashland (Ohio) College was postponed because of inclement weather.

Despite Handicaps, Alston Sees Dodgers Contenders

SAN FRANCISCO (AP)—Despite the loss of Roy Campanella and the doubtful status of Duke Snider, the manager of the Los Angeles Dodgers thinks he has a definite pennant contender.

The Dodgers ended their long cross country training tour yesterday in Las Vegas where their victory over Chicago boosted their final win-loss record to 14-16 for the training season.

Campanella, of course, still is fighting the big battle of his life, in a Long Island hospital partially paralyzed as the result of an auto accident.

Snider remains a most doubtful starter in tomorrow's season opener with the San Francisco Giants. He sat out the last training game because his left knee still bothered him after an off season operation.

Battling Order Listed

Manager Walter Alston of the Dodgers announced a batting order last night in Las Vegas on the idea that Johnny Antonelli was going to pitch for the Giants. He had to revise it later and probably will be changing until game time, now that he knows Ruben Gomez, a righthander, will pitch for the Giants.

Snider probably won't know until tomorrow afternoon if he can play left field. Alston is hopeful that Charlie Neal, out with a strained rib ligament, will be able to play second base.

If Snider can't play, Gilliam will play left. If both Snider and Neal can't play, Gilliam will play second and Elmer Valo will be in left.

Snider's old center field job has been taken over by Gino Cimoli. "I think we are a definite contender," said Alston. "We have a chance to win it all if we get some breaks. Snider has to come out of it."

Gray May Help

Summarizing the training season, Alston said: "Earlier I was worrying about our batting. We still don't know where we are going to get the power to make up for the loss of Campanella. Maybe Dick Gray can help us. We have been getting enough runs, so far. If they can keep it up, we will be all right, provided our pitching is as good as we think it is."

"I am not as confident about the pitching as I was because of our sore arms. Roger Craig and Ed Roebuck have trouble. And Don Newcombe has had a little stiffness. Johnny Podres has had some back trouble."

"On the other hand, we didn't count on Larry Sherry coming through for us like he has. Carl Erskine has been a big surprise. We also have Danny McDevitt, a fellow we didn't have last spring. "Sherry has made us all like him. Gray has played good ball and so has Charlie Neal. Norm Larker has hit the ball good."

City's Three

Trinity Cagers, Fathers To Be Guests At Dinner

The Trinity Lutheran team of the Central YMCA Sunday School Basketball League will be guests at a father-and son dinner Wednesday, 6 p. m., in the Youth Center at the church. Rev. Herbert W. Nommensen, pastor, coached the team this year.

Players are Mike Hadra, George Humbertson, James Hunter, George Hunter, George Kuffner, Don Nommensen, Richard Keller, George Fogle and Charles Warrick. A sports movie will be shown following the dinner.

Virginia Tech Darkhorse In SC Baseball

By The Associated Press
A solid pitching staff and the timely hitting of left fielder Bob McCoy has cast Virginia Tech's Gobblers in a darkhorse role in the Southern Conference baseball race.

Right-hander John Brannon picked up his second victory against one defeat by scattering eight hits Saturday as the Techmen nipped William & Mary 4-3, upped their league record to 1-1 and moved into a three-way for third place in the conference standings.

The Gobblers have done an abrupt about-face since losing four and tying one of their first five starts. The last three games have resulted in victories, two of them credited to Brannon. McCoy has six hits in 22 times at bat for a .273 average. More importantly, he has driven in 10 runs.

Spiders Take Title

Richmond's Spiders, meanwhile, took over the conference lead with a 1-0 record when The Citadel routed Davidson 13-0 in the first game of a Saturday double-header behind the one-hit pitching of Lou Almes. Davidson, winning the nightcap 7-4 as Bob Page scattered seven safeties, is second at 4-1. The Citadel is now 2-2, while Tech and Furman each are 1-1.

Non-conference action Saturday saw West Virginia nip Waynesburg 5-4 and Furman absorb a 16-4 shellacking by the Georgia Techers.

Some light may be shed on the conference race this week with a dozen family scraps on the schedule, including the league debuts for defending champion George Washington, West Virginia and Virginia Military.

Three league games were on tap today with West Virginia at last-place Washington & Lee (0-2) for two of them. William & Mary (1-3) was at VMI for the other. George Washington was scheduled to entertain Georgetown in a non-league affair.

WVU Plays Four

W&L will be involved in five of this week's family scraps and West Virginia in four. W-M, GW and Richmond will play three league games and The Citadel, VMI and Virginia Tech will play two apiece. Davidson and Furman are idle during the week as far as league action is concerned.

Here is the rest of the week's schedule for conference teams: Tuesday — Richmond at VMI. Wednesday — George Washington at William & Mary; Richmond at Washington & Lee; Wake Forest at Virginia Tech; Newberry at Furman.

Thursday — Fairmont at West Virginia.

Friday — The Citadel at Washington & Lee; Virginia Tech at William & Mary; Mercer at Davidson.

Saturday — Virginia Tech at Richmond; VMI at Virginia; The Citadel at Washington & Lee; George Washington at West Virginia.

Team leaders were Dick Swick, 193-495, Hex; Cloyd Owens, 167-429, Castles; "Abie" De Arcangelis, 208-543, Locks, and Paul Moulden, 169-468, Squares. Standings:

There was some doubt whether Ted Williams, five-time American League batting champion, will be in Boston's starting lineup. He is still suffering from a bad ankle.

Higgins said he would make a decision after the Red Sox complete their batting practice and if Williams were benched, his longtime "shadow," Gene Stephens, would be in left field.

The 1957 cellar-dwelling Nats have last year's home run king, Roy Sievers, and first baseman Norm Zaichin, obtained from Boston in a trade, in their lineup. The pre-game ceremonies include the traditional flag-raising. Participants include attorney general William P. Charleston Wins Lidlifter In AA

By The Associated Press

The American Assn. began the 1958 baseball season only yesterday, but already it's clear that Charleston's Senators are bent on making good a few campaign promises.

There were two new factors involved as the Senators broke a string of scoreless innings to beat St. Paul in 15 frames 1-0.

One was the presence of 5,242 fans, the best Charleston turnout in more than five years. Another was the six-hit pitching of Don Lee, a big righthander whose father, Thornton Lee, was himself a nifty hurler in the major leagues a few years ago.

The two teams got better than a two-day jump on their league rivals, who don't start their campaigns until tomorrow night.

Hex Pads Margin In Railway League

Hex increased their Western Maryland Railway Bowling League lead to seven games by blanketing runnerup Castles, 3-0, in league action last week.

Cellar-dwelling Locks moved up on third-place Squares by taking two of three games from the latter in the league's other match.

Team leaders were Dick Swick, 193-495, Hex; Cloyd Owens, 167-429, Castles; "Abie" De Arcangelis, 208-543, Locks, and Paul Moulden, 169-468, Squares. Standings:

'Rockets' Star As Canadiens Blank Bruins

BOSTON (INS) — Thanks in great part to the brothers Richard, the Montreal Canadiens today held a 2 to 1 edge in games over the Boston Bruins in the final rounds of the Stanley Cup hockey playoffs.

The 36-year-old Maurice (Rocket) Richard scored the first and third goals and his kid brother, Henri (Pocket Rocket) accounted for the second tally as the Canadiens whipped the Bruins, 3-0, before 13,909 fans at Boston Garden.

Maurice sent a 30-foot shot screaming by Boston goalie Don Simmons at 18:20 of the opening period, brother Henri made it 2-0 at the three-minute mark of the third period and The Rocket wound it up with another 30-footer at 15:06 of the finale.

For Maurice Richard it was goals Nos. 8 and 9 of the current playoffs while Henri caged his first in the seven games played against Detroit and Boston.

The teams meet in the fourth game of the best-of-seven series at Boston Garden Tuesday night with the defending champion Canadiens having a decided edge.

Until the Richards took over the lamp-light chores, it was a frustrating night for Montreal. Boston received five penalties in the first period and at one point the Canadiens had a two-man advantage, but failed to cash in on it.

Kickers Tournament Set For Tomorrow

The Women's Golf Association of the Cumberland Country Club will stage a nine-hole kickers handicap tournament on the club course tomorrow morning.

From 10 to 11 a. m., there will be a golf clinic by Carroll Boggs, club pro, who will discuss the new system of handicapping recently released by the United States Golf Association.

Sen. Beall, Wife To Be Guests At Orioles' Opener

BALTIMORE, 12—Mayor Thomas D'Alesandro will throw out the first ball at Memorial Stadium tomorrow afternoon when the Baltimore Orioles open their fifth American League season against the Washington Senators.

Baltimore concluded its exhibition games yesterday with a 3-2 loss to Cincinnati that gave the Orioles an 11-19 record. Jerry Lynch singled in Johnny Klippstein from second base with the winning run for the Redlegs in the eighth inning.

Beside D'Alesandro and his wife, other guests at the opener will be Gov. and Mrs. McKeldin and Maryland's two Republican U. S. Senators, James M. Butler and J. Glenn Beall, and their wives.

Manager Paul Richards has named righthander Connie Johnson as the opening day pitcher. Chuck Stobbs is the probable for Washington.

Your Horoscope

Look in the section in which your birthday comes, and find what your outlook is, according to the stars.

For Tuesday, April 15, 1958

MARCH 21 to APRIL 20 (Aries)—Favorable aspect of your special planet Mars (though we all have more than one planet in our charts) today emphasizes the greater possibilities for gains through sturdy effort.

APRIL 21 to MAY 21 (Taurus)—Worry and disorganization are waiting to tempt you, to throw you off the right path. The genial disposition will count heavily. Friendly day to a friend.

MAY 22 to JUNE 21 (Gemini)—Stay with it, neighbor, even if you are in conflict with other personalities at times. You can make yourself felt and achieve better if you won't discourage. Routine needs reviewing.

JUNE 22 to JULY 23 (Cancer)—Be particular about the truth, and what you listen to. There are trouble-makers about and you can't unwittingly involve. Keep your affairs private as possible.

JULY 24 to AUGUST 23 (Leo)—This day of this month your Sun is in the best configuration you could wish for, but while many advantages are yours, same precautions are also in order. Other planets oppose.

AUGUST 24 to SEPTEMBER 23 (Virgo)—Be careful dealing with competitors. Further scrutiny before drawing conclusions. Note Taurus' suggestions for the day.

SEPTEMBER 24 to OCTOBER 23 (Libra)—Don't have anything to do with people who speak and listen to scandal. Your inherent clean mind recoils from it and you will be hearing about it. Keep busy with spiritual and temporal goodness.

OCTOBER 24 to NOVEMBER 23 (Scorpio)—Medical and other scientific, religious, entertainment, travel, religious matters can gain this richly handled day. But take hints to Libra and protect your private affairs.

NOVEMBER 24 to DECEMBER 23 (Sagittarius)—Be sufficiently well posted in your obligations and have a forward-looking, pleasant mind for day's tasks or you will run into difficulties. Jupiter's position stresses logic.

DECEMBER 24 to JANUARY 20 (Capricorn)—You have among the best aspects this mixed day. But by the facts taken you will have to hear with others' indisposition and quick at times. Do so gently and win many laurels.

JANUARY 21 to FEBRUARY 19 (Aquarius)—Here, as for Libra and Cancer, is warning to beware of trouble, conflicts, dissents and those who involve themselves in your affairs. Courage! Stand strong against ill will.

FEBRUARY 20 to MARCH 20 (Pisces)—Be eager for new data, all the worth while learning you can obtain. Thus will you reach the inner satisfaction intended for your mind. Avoid unwise partnerships, decision.

YOU BORN TODAY of Aries, are alert, independent, also sensitive, which you may, at times, times with bravado or seeming indifference, and equal to large assignments, heavy responsibilities, under which you often thrive better than in easier positions. Develop your wit, endurance and energy; exercise your independence but never be stubborn or rash. Don't disparage, rather protect, your health. Be forbearing, patient; listen to others' opinions, then they will hear yours. Usually excellent but must be guided with a knowing hand. Interchange ideas with intelligent, high-principled persons. Birthdate of Henry James, author.

Recount Long Suit For Bid

By OSWALD JACOBY
Written for NEA Service

A letter from Chicago reads: "In a recent duplicate game I was one of the South players who bid only two spades on the second round. Naturally enough our partners all passed and it turned out that four spades was a cinch. South players only held nine points in high cards and had all been taught not to count any points for being short in partner's bid suit. What went wrong?"

The answer is that the teacher did not finish his job. He was correct in warning you about getting enthusiastic about being short in your partner's suit but he should have pointed out the reason for this is the danger that your partner will be equally short in yours.

Your partner had opened one no-trump. This rebid did not show anything much in high cards but it did almost guarantee a balanced hand with a couple of spades that would probably include an honor.

North (D) 14

♠ A 8
♥ A 6
♦ K J 9 8
♣ 10 8 5 2

West
♠ 9 7
♥ J 8 2
♦ 10 6 5 4 2
♣ K Q J

East
♠ K J
♥ 10 9 4 3
♦ A 7 3
♣ 9 7 6

South
♠ Q 10 6 5 4 3 2
♥ K 7 5
♦ None
♣ A 4 3

Both vulnerable

North East South West
1 ♠ Pass 1 ♠ Pass
2 ♠ Pass 2 ♠ Pass
3 ♠ Pass 3 ♠ Pass

Opening lead—♠ K

This would entitle you to count your spades as a suit that had been raised. You should add one point for the fifth card in a raised suit and two points for each extra card so you should have counted five points for your seven-card spade suit. Adding this to the nine high card points, you would have a 14-point hand, which should be enough for game opposite an opening bid.

Your correct bid was either three or four spades; not a mere two.

Q—The bidding has been:
North East South West
1 ♠ Pass 2 ♠ Pass
2 ♠ Pass 3 ♠ Pass

You, South, hold:
♠ A 8 ♣ K 2 ♦ 7 5 3 2 ♠ A K 9 7 6

What do you do?
A—Pass. You have already shown your 10 points.

TODAY'S QUESTION
You hold the same hand. Your partner's rebid has been two diamonds instead of two spades. What do you do now?

Answer Tomorrow

City Licenses Due On May 1

City licenses required under Ordinances 1814 and 1866 are due May 1, according to Wallace G. Ullery, city clerk.

Any person or firm doing business without a license as required in the ordinances is subject to a fine of from \$5 to \$100.

Pool room licenses must be applied for on or before Tuesday, as provided in Ordinance 1916. Licenses may be secured from the City Clerk's Office in the basement of City Hall.

YMCA Model Legislature Bills Signed

Cumberland Youth Enacts Bills As 'Governor' Of Unit

ANNAPOLIS (AP)—Maryland junior lawmakers returned home after enacting a variety of legislation concerning health, education, traffic safety and elections.

The 197 delegates at the YMCA-sponsored Model Legislature gave their approval to 14 bills during the 3-day session.

Eleven measures were signed by William Sitter of Cumberland, the 17-year-old youth governor, and the other three bills received pocket vetoes because Sitter received them too late for thorough consideration.

George Radcliffe, a Baltimore attorney and general chairman of the Maryland YMCA Youth and Government Committee, was presented the 1938 award for distinguished service to Maryland youth at the final session of the mock assembly.

Two of the bills passed and signed were part of a 5-bill program suggested by Sitter at the opening session. One called for an investigation of the need for vocational education schools, and the other would require polio vaccine shots for all pre-school children.

Another health measure signed into "law" would require applicants for marriage licenses to have blood tests, and a third bans the use of fluoroscopes for shoe fitting.

Traffic safety measures enacted by the young lawmakers would provide a point system for revocation of violators' licenses and a motor vehicle inspection system.

Sitter also signed a bill calling for a statewide referendum on lowering the voting age from 21 to 19.

Among the bills which were passed too late for the governor's consideration here two which would create the offices of public defender and lieutenant governor in Maryland.

Before adjourning the group elected Mark Hayden of Baltimore as vice-president for the Southern area Hi-Y and Carolyn Cook of Cumberland as vice-president of the Southern area of the Tri Hi-Y.

Area Airman, Family Die In Auto Crash

VACAVILLE, Calif. (AP)—A young West Virginia airman, his wife and baby son were killed yesterday when their car and a Southern Pacific train collided at a grade crossing near here.

Dead are Airman 2.C. Elvin Glen Browning, 21, of nearby Travis Air Force Base, his wife, Winifred, 18, and their 1-year-old son, Christie. Browning was the son of Mr. and Mrs. Wilbert Browning of Belington, W. Va.

Highway patrolmen said the southbound Sacramento-Oakland train cut the car in half at the isolated crossing. Wreckage was strewn for 200 feet along the right of way.

Police Probing Fatal Stabbing

NEW MARKET, Md. (AP)—Melvin L. Anderson Jr., 23, was stabbed to death on a farm near here about midnight Sunday and State Police were questioning another man today.

According to State Police, Anderson and another Negro had pulled into the farm yard in separate cars, then got into an argument and the stabbing followed.

Authorities said the pen knife severed an artery in the thigh and Anderson bled to death.

Money Reported Taken From Station

City Police today were investigating a report of \$30 being drawn at Athey's Gasoline Station.

Police said the money was reportedly taken from a cash drawer at Athey's Gasoline Station on Laing Avenue last night.

Milk Price Cut Sought

BALTIMORE (AP)—Del. Culotta (R-Balto 3rd) has called on milk distributors to cut the price of home-delivered milk a cent a quart.

Culotta, a vigorous foe of rising milk prices, said yesterday he will ask the Legislative Council, between-sessions screening arm of the General Assembly, to investigate "any unfair or unlawful combinations by milk distributors to fix prices or restrain trade."

He asked for action on a national scale to reduce milk prices from 27 to 26 cents a quart.

"I call upon the large distributors, whose profits have increased 50 per cent after taxes during the past four years, nationally to respond to the demand for a decrease in the retail cost of milk," the legislator said.
